

Margaritaville Orlando is the ultimate tropical escape at Universal CityWalk®, the entertainment complex at Universal Orlando® Resort. This multi-level restaurant presents a colorful collection of indoor and outdoor dining and event options for small groups up to full restaurant buyouts.

The atmosphere is inspired by the lyrics and lifestyle of Jimmy Buffett, whose evocative songs inspire a cross-generational yearning for an island adventure. The main floor is a marina with boats for seating, a navigational chart of the stream on the ceiling and a suspended airplane.

Entertainment is a given. Stilt walkers and balloon artists engage your guests while a two-story volcano erupts into a giant blender, all to the beat of island party music.

EVENT AND DINING SPACES

Marina Level

The main floor portrays boats docked in a marina with a roof of billowing sails. The booths are sport fishing boats outfitted with leather seats, real fishing gear and tournament flags. No detail is spared to create the marina atmosphere.

Porch of Indecision

The best covered deck in CityWalk® with the flavor of outdoor bars in the Caribbean and a great view of City Walk. This area is a perfect place for day or nighttime events.

Tiki Dining

A great semi-private area, the elevated Tiki Dining Room overlooks the Marina Level and Main Stage. Bamboo, thatched roofs, and of course large tiki heads and torches create authentic tiki bar surroundings.

The Lone Palm Airport

Get your toes in the sand! This outdoor bar is inspired by an airport on an undisclosed island, complete with "Hemisphere Dancer," Jimmy's plane. The floor is sand; attire is flip flops optional.

PARTIAL BUYOUT:

Margaritaville Orlando offers several options for partial buyouts. The interior of the restaurant, the upper level, or the Porch of Indecision may each be reserved for semi private parties.

FULL BUYOUT:

If you are looking for an exclusive event, you can make Margaritaville your own tropical paradise and give your group an island adventure they won't forget. A center stage rigged with sail projection screens for video display and state of the art audio visual will take the stress out of producing your group's own "show."
